Quick Quotes

Q. This is the one you wanted to win. Other than the majors you always said, I want to come here on the golf course, Travelers Championship. You did it. What's to feel like?

KEEGAN BRADLEY: Feels unbelievable. I literally can't believe it. It was a really stressful day. I'm so glad it's over.

Today was a day I'll remember for the rest of my life.

Q. 5-under, cruising along, and then a little tee shot right at 13. Things got a little squirrely there.

KEEGAN BRADLEY: It did. I wasn't hitting that bad of shots. I didn't hit a great shot on 13, but that's how those holes are. Like you know you can make -- you can birdie them and you can bogey them all.

I just luckily played good enough to where I could afford -- that's my only bad stretch of the tournament, and luckily I was ahead enough.

Q. And I thought the crucial shot, that tee shot at 17 was beautiful.

KEEGAN BRADLEY: Man, that was a stressful one. That one needed to go in the fairway and it was the best one I hit all week.

Q. Take me through the emotions. You're walking up to 18 greens, fans are cheering your name. What kind of emotions are those like?

KEEGAN BRADLEY: I mean, that's the moment you think about as a kid and you just dream about. I am lucky enough in my life to live out some of my dreams, and that was certainly one of them.

Q. Family here to watch; friends here to watch. What was the key this week?

KEEGAN BRADLEY: Well, I just played so good. I mean,

TRAVELERS CHAMPIONSHIP

I don't think I've ever had a week where I've put it all together like that. That's the best golf I've ever played.

Q. Keegan, we talked all week about how winning the Travelers Championship would be an absolute dream for you. You now made that dream into a reality in front of your beloved New England fans. Just describe the emotions of this moment?

KEEGAN BRADLEY: Well, I mean, it was a dream of mine since I was a little kid. It's very rare that you get to live out your dreams, and this was certainly one of them.

Q. We've said all week how you wanted this so much and that was going to be a big challenge for you today, putting that aside. How were you able to focus in on the golf as opposed to how much you wanted to walk away with that win?

KEEGAN BRADLEY: Well, it was really difficult. You know, last night I woke up twice to a dream of me hitting bad shots. I mean, this is always a very challenging week for me. To go through something like this is about as tough as it can get.

Q. There were some tough moments on the back nine. Take us through what you were thinking about over some of those moments.

KEEGAN BRADLEY: Well, I was playing great, and then I hit that bad shot on 13. I didn't really hit that many bad ones coming in, but just, you know, I made bogeys.

I hit incredible shots on 17 and that was the key.

Q. When you think about this as a whole, you just got win your dream golf tournament in front of your boys, Cooper and Logan, your wife Jillian, how special is that?

KEEGAN BRADLEY: Again, dreams. Like this is just spectacular. I can't believe this is real. I am so lucky to have them with me this week.

They've sort of been my good luck charm. They keep me

calm, and it's an incredible feeling. I can't believe it's real.
