Quick Quotes

Q. Sum up the week.

SCOTTIE SCHEFFLER: I did some good things this week. I think obviously I was looking for a little bit more, but overall not a bad week. If I have a different day yesterday I think it's a different story, but can't be perfect every day, just trying to do my best and, yeah, I fought back nicely today and posted a decent score.

Q. What worked so well for you today?

SCOTTIE SCHEFFLER: I felt like I hit it a lot better today than I did yesterday, kept a clean card. I had some -- today was the first day where I've been bogey-free, and I think this is a golf course where limiting your mistakes is really important. You're going to get opportunities, but you got to limit your mistakes, and this week I just wasn't able to do that.

Q. Over the next couple weeks before you go to Scotland what are you going to work on, and how do you get away from everything and take a break?

SCOTTIE SCHEFFLER: Go home and try to sleep for a few days, see if my little man's going to allow that. Then I'll start practicing toward the end of the week, get some rest, some recovery. I think I played five out of the last six weeks, been in contention a lot, so get home, get some rest and start preparing for the Scottish Open.

Q. Is there anything particular that you can work on for going to Scotland and The Open Championship at home in Dallas?

SCOTTIE SCHEFFLER: Yeah, I'll continue to hit the shots that we need when we go over there and that's pretty much it, yeah. Pretty simple.
