Flash Interview

U.S. Women's Open have not been good. I ended Sunday at Pebble I think shooting 81, and then today I shot 80.

I'm human. I'm going to have bad days. I played some really solid golf up to this point. Today was just a bad day. That's all I can say.

I kind of had a leaf under my ball, so when I hit it kind of rocketed through. Couldn't really do anything about that. Yeah, just hit some really bad chips over and over again.

Q. When you came off 12, was there any part of you that tried to maybe either reset or set a goal for the rest of the 15 holes you were going to play and have an objective?

NELLY KORDA: Yeah, I just didn't really want to shoot 80, and I just kept making bogeys. My last two rounds in the
