## Barclay Brown

Golf Channel Interview

**Q. With Barclay Brown, you lost in the morning match and then you win in the afternoon. What's it like playing team and then coming back in the afternoon right away as an individual?**

BARCLAY BROWN: Yeah, Alex and me this morning just never really got going. In foursomes I think the start is really important, and we just didn't hit that many good golf shots, so it was kind of tough to get going, but it was nice to be hitting every shot this afternoon. Fortunately there were some good ones out there.
