Golf Channel Interview

**Q. Dominating performance by you two today. Matty, what kicked in for you guys after you got off to a quick lead?**

MATTY LAMB: We just played real solid and tried to know how far have we got or we just tried to commit to our lines and keep hitting good shots. Hit a load of greens and Jack holed out really well. I think the last hole we played was our only bogey of the day, so obviously, yeah, just played really solid all day.

**Q. Jack, I don't know if you were counting. I was. You had six one-putts, some of them very critical, especially at the 12th hole. How quickly did you adjust to these greens in these sort of windy conditions?**

JACK DYER: Yeah, that's why we've been out here a while, to get used to these greens. You've come here last week, I was amazed at how quick they are. You get used to it at the end, but it's sort of about leaving it in the right spots. That part on 12 there, that was up the hill. You don't want to be coming downhill with this wind, as well, so Matty left it in good spots and we had some nice ones at it today.
