

Walker Cup

Sunday, May 9, 2021

Juno Beach, Florida, USA

Seminole Golf Club

Nathaniel Crosby

United States Captain

Golf Channel Interview

Q. What did you make of what you saw this morning from your guys?

NATHANIEL CROSBY: A lot of topsy-turvy. It's Mr. Toad's wild ride today I guess you could say. We lost that half point there at the very end. We thought we were going to get a full point. Lost the last two holes to a couple of tragic lies there on 17 and 18 that Davis Thompson and Cole Hammer got. The points came in slow this morning. It's only four points, and this afternoon we've got a full 10. It'll be like a waterfall, and we'll hope to win some matches and see where it comes out. But it's going to be nip and tuck. That's for certain.

Q. The last time you were captain your squad was down at this point, so what will you lean on now to tell your guys to get across the finish line again this afternoon?

NATHANIEL CROSBY: You know, we're all adults in the room, and I think a guy with 40-year-old credibility is not going to tell these young would-be superstars a lot at this point. They all have a lot of great self-belief. I think they're going to go out and use their talent, and hopefully we'll prevail this afternoon.
