Jerry Kelly

Quick Quotes

Q. 69, 69 over the weekend. What did you figure out in your game or did you figure out something on the course?

JERRY KELLY: No, I did. We didn't practice on Thursday night it was late and I was tired. But even though it was hot and I was tired, I practiced on Friday afternoon and found something in the strike. And unfortunately the putter went cold. The putter was good the first two days, because I could have shot 80, 80 pretty easy. And then I hit the ball well and the putter went cold. And it's just like, that's so golf, such a four-letter word.

Q. How tough is that stretch coming home today?

BOB ESTES: Even the -- doesn't matter where you were, the pins are right on the edges. Every single one of them you're putting uphill and then it's downhill the other direction. So I mean it's, I got defensive and I never got it back, I never got at aggression back in the putting, it was just defense, defense and that leads to 3-putts. So that's definitely the way it is.

But, no, the stretch is not as hard today. 18's back, but it's downwind. 17, pretty easy. 16 reachable par-5. So it's not the home stretch, it's the ones in the middle, it's 8 through 12 that are really the good ones. But, yeah, I just couldn't get it done putting. There was at least ten 3-putts and I shot 1-over.
