Quick Quotes

Q. Tell me about your relationship with Jim and kind of what it means to see him win. I understand you had a practice round with him this week.

HARRY RUDOLPH: We did we had a practice round together and he's playing great. My relationship with Jim goes back to junior golf days when we were little kids competing in AJGA stuff and then obviously we were teammates at the University of Arizona, won a national championship, we played Nike Tour together, went through Q-School together, and our careers kind of went different ways. But we reconnected here this week -- actually the last couple years -- but this week we really reconnected. He's playing great and it was awesome to see him win.

Q. How special is it to be by his side and watching him up close?

HARRY RUDOLPH: I was hoping to play with him today, but I didn't play good enough, he kind of waxed me this week, so I'm going to have to go back home and practice.
