Quick Quotes

Q. I just got to say, this golf course seems like it should fit your game. You have a second place finish here, you couldn't remember what year it was. But what do you like about this golf course?

ARIYA JUTANUGARN: I will say I like it, but today it's really tough also. But why I like it, I don't know, I just, every time I come here I have really good memory here.

Q. This year you have come close, you had a second place finish last month, you played great at the International Crown. What's it going to take for you to get back in the winner's circle for the first time in two years?

ARIYA JUTANUGARN: I would say everything is started getting better, but I still have so much things to work on. And honestly, I felt like when I play the best is when I'm not thinking about the outcome. So that is really a challenge for me, so I have to keep doing that.

Q. You last won a team event with your sister. Now are you going to play next week in that championship?

ARIYA JUTANUGARN: You know, I really want to play, but no, this time, because like I can't really play that much anymore, I'm getting old. (Laughing.)
