NW ARKANSAS
CHAMPIONSHIP
PRESENTED BY **P&G**

Q. Lilia, you've been on a great roll. Third last week. What's been the key to the success the last few tournaments and in the last week?

LILIA VU: I think I just feel very calm on the golf course, really at peace with my game. Just trying to make birdies every hole, and if not, just move on and have fun out there.

Q. What's the biggest thing you learned from last week helping you going into tomorrow?

LILIA VU: Just staying patient, honestly. This week has been a battle because I've been dealing with my back issues. The past two days I've just tried to stay patient and just manage.

Q. You mentioned your back. What kind of adjustments have you had to make this week to play? Because you said it was hurting last week as well.

LILIA VU: It's all a learning process for me. I had to see a private physio this week that works with some other girls, and she really helped out to the point where I'm where I am now.
