Quick Quotes

Q. All right, another great round here with Megan Khang in Arkansas. Played with Ryann O'Toole for the third day. Managed that somehow. How much fun did you guys have together this whole week and today?

MEGAN KHANG: Honestly it was a lot of fun. I mean, it's always fun when you get to play with girls that you're close with and stuff like that.

So, I mean, Ryann and I really got to know each other for the past few days, but feeding off each other from the first day and then keeping it very similar throughout the week, it was a lot of fun. And I'll take that any time, any week.

Q. I hear she kicked you. I heard her side of the story. Let me hear yours.

MEGAN KHANG: Wait, there is no her side of the story. I was pacing off from the back of the tee box on 17 to get my number, and she kicked my foot and I nearly fell.

So I don't know what her side of the story is, but there is no side to that story. Plain and simple.

Q. She said it was an accident, but it's all right. Anyway...

MEGAN KHANG: She was just joking.

Q. About your round today. Bogey-free, a birdie and an eagle. Take me through some of the highlights and maybe what was different today than the past couple days?

MEGAN KHANG: Today, I mean, the wind was definitely gusting out there today, and for the first few holes I didn't -- the first pretty much nine I really didn't have a great game with me. I got away with a lot of shots. My feel wasn't quite there with the wind kind of playing a factor.

But definitely gave myself chances at the start and wasn't able to make a few putts. But, yeah, I mean, few putts didn't hole, didn't drop, and that's kind of what you get.

I was happy with the eagle on 15.

Then what's it called, 16, 17, 18, gave myself some good chances, but it's golf. You kind of take some lessons learned and take it to the next week.

Q. Going into the next week, speaking of, a top 10 finish here and good play in Portland too, from you, right?

MEGAN KHANG: I didn't play Portland.

Q. Where were you last, Cincy?

MEGAN KHANG: Cincy and Toledo.

Q. Okay. Anyway, scratch that. Good Top 10 finish here. How much confidence does that give you going into the next couple weeks, last few weeks of the season?

MEGAN KHANG: Honestly, I'm happy where my game is. Obviously there is going to be some time off between events, but definitely going to dial it in, keep it dialed in for the next week, and once those kind of few weeks off come, we'll see how it goes, and kind of come in refreshed for the last two in Florida.
