## Danielle Kang

### Quick Quotes

**Q. Danielle, when you look back to four months ago to today, take us through those emotions.**

DANIELLE KANG: It's emotional. I'm just really proud that I'm even here. So obviously I wanted to win, but these are like tears of joy.

**Q. Tears of joy. When you chipped in on 18, take us through that, because those are tears of joy.**

DANIELLE KANG: I told my caddie that I wanted -- my whole goal today was to finish at 17-under. I told him I could chip that in because he didn't want me to be to be long. Honestly, it's been hell.

To be here and...

**Q. This is a special place for you. So many friends and family. I know it's tough, but where does it take you for the rest of the season now?**

DANIELLE KANG: It's still going to be a process. It's a struggle almost -- sometimes in the morning, but I came out here to do something that I love, and I'm just so happy for my team that somehow got me back playing this year.

I mean, there was part of me that I didn't think I would ever play again or contend, but here I am. I'm not that far off and I'm happy about that.

**Q. You should be. Should be proud of yourself. Thanks for spending time on us.**

DANIELLE KANG: I don't think I've ever cried by losing.

**Q. That's okay. You did great.**
