Quick Quotes

Q. All right, I'm here with Cheyenne Knight after the second round of the Walmart NW Arkansas Championship. Great round today; bogey-free; stats look really awesome. Just talk through the round today.

CHEYENNE KNIGHT: Yeah, last two days I've hit it really well. Had a lot of birdie opportunities yesterday; just didn't really make a few.

Yeah, I'm not really making a ton of mistakes.

Of course I would love to get a few more putts to go in just because you kind of have a lot of birdie opportunities on this golf course.

Yeah, no, overall it's been pretty solid.

Q. Exciting week last week. Just talk about what your first thoughts are when you think back to last week and everything that you did.

CHEYENNE KNIGHT: Yeah, it was an incredible experience. It was so awesome. I had the best week. Just such an honor to represent my country, and then getting to play with Stacy here was really cool.

Yeah, wasn't obviously the result we wanted, but I feel like a lot of positives to build on. Just everyone, the team, the captains, it was so much fun.

Q. Anything you did when you came back here to transition from the mindset of match play over to 54 holes of golf?

CHEYENNE KNIGHT: Yeah, I think I got home Monday night and just drove up on Wednesday, which was really nice. It was nice we could drive living in Texas. Not really a whole lot different.

I really like this tournament. I love this golf course. That's why I played this week. Yeah, I mean, on this golf course you just have to make a ton of birdies. You got get close to

20-under to win and I saw the lead was 14 when I was finishing.

Yeah, hopefully can make some more birdies tomorrow.
