Quick Quotes

Q. You've made a good score today, that doesn't really tell the full story of the round, does it?

SU OH: No, it was I think seven birdies and one eagle, so it's like nine birdies technically, I guess. A lot of bogeys and a double in there. It was just everywhere. Not many pars. I don't know how many pars I made but there weren't many.

Q. How do you keep your concentration when that's going on?

SU OH: I don't know, I was playing well but it's so easy to three-putt when you're off the green because you have a very long putt, so like soft bogeys and then I was in a pot bunker on 16 and took two. It was one of those awkward stance ones. It was good practise for next week, I guess. Took two out of there, so made a five. It was just everywhere. But it was very good golf out there minus like a couple holes.

Q. Were the conditions good this morning?

SU OH: I felt like it was windier this morning and I was hitting the ball really well. Just kind of flying through the wind and I was able to keep it down. So I did good at start and the wind kind of died down but it's also weird when you're like over the shot and then you feel like the wind's died down and then you don't want to hit it too far because you're not sure if it's there and then as soon as you make contact, like the wind picks up. It's a little bit hard out there but it was good.

I think the golf course is definitely scorable. Like 3 was next to the green. This golf course, you can kind of go low because if you get the right slopes, the ball comes back to the hole but if you miss that slope, it's impossible to get up-and-down. I guess I caught the right breaks out there on some holes. But I don't know, I hope it's not scorable out there.

But yeah, I mean, I don't know what -- are the scores quite good today? I have no idea what the field is like. I thought it was easier than yesterday, that's for sure.

Q. You're obviously feeling good about your game. Is there an element of education every single day on a brand new course like this as well?

SU OH: For sure. You can never underestimate pot bunkers here, lesson learned today. You think it's an easy up-and-down but not really. Depends what kind of lie you get. If you get a decent lie, that's very lucky. Just expect a bad lie. If you can get both your feet in the bunker, that's kind of a good start.

Q. So mindset for tomorrow? What targets are you going to set yourself for tomorrow?

SU OH: Yeah, I thought I played quite aggressive out there, and I think it's kind of a good mentality. You can always make mistakes, so just sort of -- I think I can go at some pins. The pins that are gettable, I think that I have to go for it because like some things you might not be able -- 30 feet might be a very good shot. So just go for the pins that I can go for, and just a few less bogeys, but I'll take all the birdies.
