Quick Quotes

Q. 2-under 70 today. Solid round. You were out here grinding on your putting but what did you find today that worked so well?

JIN YOUNG KO: I stay here, so it's very close to the putting green. I thought I needed more putting for practise. So I come out to putting green after 7.00 and I got maybe one hour putting and I thought I needed more practise, so I did.

Q. You talked about Brooker helping you out around the golf course. How much did the teamwork help?

JIN YOUNG KO: Today the fairways are really firm so couldn't get the distance like last week. I needed more three-quarter shot and he told me always, so helped a lot.

Q. What's the mindset heading into the rest of the week?

JIN YOUNG KO: I love to play this golf course because the fans know how difficult it is to play golf, so if we get to the green, they clap to all the players. I love that.

But yeah, it was quite bit like little wind this morning. So it was fine. And yeah, still I don't want to think about the future, I just want to think, now; this is present.
