Dundonald Links

## Arpichaya Yubol

### Quick Quotes

**Q. Welcome to the Women's Scottish Open. Can you talk about your round and how you found Dundonald Links?**

ARPICHAYA YUBOL: I feel happy and really excited because this is my first tournament like LPGA Tour, and yeah, I can do it well more than I think. And the lucky day because it's no windy today and wind not coming and yeah, I'm really happy.

**Q. And you've recently won the Trust Golf links series and obviously Trust Golf is a title sponsor of this event. What does that mean to you to have a Thai sponsor?**

ARPICHAYA YUBOL: I'm really happy because that I got a win; the opportunity, I took it, and so if I got more opportunities, I will take them.

**Q. It's a great opportunity for Thai players to come over for the event. Is this your first time in Scotland?**

ARPICHAYA YUBOL: No, my third time.

**Q. What do you like about Scotland? What are you looking forward to for the week?**

ARPICHAYA YUBOL: I think I like everything because the golf course, Scotland, every, is always links course. It's not easy because you can't stop your ball, and makes it hard to play when wind and rain come. Sometimes rain coming and sometimes not, and sometimes windy. It makes you surprised every time when you play a links course, and this gives me experience.

**Q. What's your goal for the week?**

ARPICHAYA YUBOL: Well, make the cut, my first target. And if I can make the cut, try to get to next week, British Open.

**Q. The top three spots not other qualified will get an exemption. So is that your goal?**

ARPICHAYA YUBOL: Yes.
