

Trust Golf Women's Scottish Open

Saturday, July 30, 2022

Troon, Scotland, UK

Dundonald Links

Patty Tavatanakit

Quick Quotes

Q. Another brilliant round, 5-under for the day. Just talk me through your round?

PATTY TAVATANAKIT: Pretty solid. I feel like I picked up where I left off yesterday. Didn't really expect anything like walking into today. Just focused on the process and just take it shot-by-shot and it went well.

Q. It was quite an emotional day for you yesterday. Did that impact your day or did you just want to get on with it and put it behind you?

PATTY TAVATANAKIT: Definitely brushed it off just because, you know, like the emotion was just kind of happening like right after the round. I did it not being 100 percent with myself, too, and to be able to do that, pushing myself, and knowing that I can play, it showed today that I've still got it.

Q. And you've had two now consecutive, brilliant rounds. Is there anything you want to focus on tomorrow going into the final day?

PATTY TAVATANAKIT: Same thing. There's still a lot of golf left for tomorrow. Really enjoying the process and just remind myself whatever I'm feeling at this moment in time. It's not going to last. Just the highs and lows, really learn that.

Q. How do you think your mindset from this week will bring you momentum going into the final major of the year?

PATTY TAVATANAKIT: I feel like I'm not there with my game and like how I used to feel. Still got work to do and looking forward to next week. Actually, I love links course, so I'm just going to have more fun.

Q. Is there anything this week that's been your favorite about this course or the links golf? Is there anything that stands out, any holes in particular?

PATTY TAVATANAKIT: I think No. 1 is a tough hole, the tee shot with the wind left-to-right and having to start it left, it is a course where you have to execute shots for sure, and I feel like I've done that the past two days.

Q. Today was a lot windier than it has been the last couple days. Do you think you've been preparing for that all week?

PATTY TAVATANAKIT: Yeah.
