## Brooke Henderson

### Quick Quotes

**Q. Brooke, nice 6-under par 65. How good did it feel to put that up on moving day?**

BROOKE HENDERSON: Yeah, being moving day I wanted to make a lot of birdies and try to climb up the leaderboard as much as possible, so it was nice to get off to a pretty fast start, I think five birdies in my first nine holes.

Tried keep going on the back and nice to finish with one there on 18.

**Q. How different did the course play today? Looked maybe a little less windy.**

BROOKE HENDERSON: Yeah, for sure. It was definitely a little bit less windy, and then playing in the morning it was a little bit softer as well, which was nice.

Felt like it was definitely scorable, so it was nice that Brit and I were able to take advantage of that.

**Q. How much of this week has been about - obviously you want to do your best here - but also fine tuning your game for next week?**

BROOKE HENDERSON: Yeah, absolutely. Next week being a major is really exciting, and you definitely want your game to be in a good spot heading into next Thursday. I feel like preparing for that in the back of my mind, but also trying to post some good scores here and climb up the leaderboard.

Hopefully I can do that tomorrow.

**Q. How much of an effort like today will it tomorrow to continue to climb the leaderboard and make a run?**

BROOKE HENDERSON: Yeah, I think if I can continue to make as many birdies as I did today and continue to hit the ball in good spots, I feel like Brit have done a good job of judging the conditions, especially the wind, so hopefully

give ourselves a lot good looks for birdie and hopefully I can continue to climb.

**Q. Were the first two days and where you felt your game was at kind of lead to you getting out there and saying, This is what I can definitely do today?**

BROOKE HENDERSON: Yeah, first two days I didn't really score as well as I felt like I was actually hitting it. I didn't make as many putts.

Today I kind of made some putts that I wasn't expecting to make, so it was a little bit of a bonus. Evens out, but hopefully tomorrow I can continue to make all those putts that I made today.
