## Jennifer Song

### Quick Quotes

**Q. Jennifer, another final grouping for you. What are some positives you can take away from today?**

JENNIFER SONG: I shot under par for four rounds and definitely Top 5 is something. It's a great positive. Going into the major championship I feel great.

You know, Mel played so solid today and was it really fun to watch. I think our group had everything going right except for me.

But I really enjoyed it and I just need to work on just little things and I think I'll get better.

**Q. Were you able to have just a lot of fun out there too as well? Seemed like you guys were very focused on each other. I feel like these groups it's a lot fun as well.**

JENNIFER SONG: Yeah, we had great camaraderie and we were cheering each other on. When other players made birdie we were saying, Good birdie. Definitely fighting out there for great scores and Mel was -- she just showed perfect golf today.

**Q. You had the lead late on the front nine. Did that give you some hope, and what was the turning point you think for you?**

JENNIFER SONG: Well I had no clue where I was. I was just playing one shot at a time.

You know, I definitely left a lot of birdie opportunities out there, so I'm kind of disappointed.

Overall I'm very happy about where -- with my tournament because I think every week I'm getting better. I feel confident and I know exactly what to work on.

So I'm looking forward to next week.

**Q. What is there to work on going into the major next**

**week and how comfortable are you with your game after a strong showing here?**

JENNIFER SONG: I think I just need to make a lot of putts next week. I heard Aronimink is a great golf course, so obviously I think it requires like straight drives and we have to be really good with fairway shots.

I think putting is the most important thing. So we'll see how it rolls.
