Q. Here with Sung Hyun Park coming off her first round at the ShopRite LPGA Classic presented by Acer.

Really good round today. I saw you just birdied your last hole. How did you find that hole? That's our Aon Risk Reward Challenge this week.

SUNG HYUN PARK: It's a good hole to make a lot of good chances. It's a short par-5, so hoping for birdies and even eagles towards the weekend.

Q. Since this is only a three-day tournament, do you think you set yourself up really well for a successful final two days?

SUNG HYUN PARK: Yeah, for sure. It's only a three-day tournament so it's important to play a really good first round in order to play the next two rounds.

Q. How did you enjoy the course today? What were some of the challenges and the easier parts of this course?

SUNG HYUN PARK: Overall I made some pretty good shots. There were a lot of birdie chances, but because my putts weren't that good I also missed some.

Q. And what do you like about coming and playing at a tournament like this, especially after a major week?

SUNG HYUN PARK: What do you mean by a tournament like this?

Q. Just ShopRite, a short tournament. ShopRite in general.

SUNG HYUN PARK: This is my fifth time playing at the ShopRite. I definitely feel comfortable playing here. And coming off playing the U.S. Women's Open it definitely feels a lot more easier.
