Quick Quotes

Q. Walk me through that incredible thrill you just had. That second shot was amazing.

BROOKE HENDERSON: Thank you. Yeah, I obviously only really had one opportunity, so just tried to go at it and hit really solid shots.

To walk up the fairway and see that I only had pretty short was a big relief. Then just needing two putts to win was awesome.

Lindsey played great, and I'm just super excited. It's my tenth victory and I've been putting in some work and my sister and my dad have been right there and my mom is here, too. Just their support through the tough times and the good times is just amazing.

Q. So you said you felt like you were really, really close coming into this week. You haven't won in about a year. What was trending in the right direction for you?

BROOKE HENDERSON: You know, honestly my ball striking has been great all year. It's just the putting, as I alluded to earlier in the other interview. Always just trying to work on it and get a little bit more consistent.

Yesterday I actually thought I was too far back coming into today, and I just tried to go as low as I could and see what happened and here we are.

Yeah, it's amazing. I love when I can win with my parents and sister. She's on the bag always, but just makes the win a little bit extra special.

(Indiscernible) ran onto the green. She's just a sweetheart. She was out there to support, too.
