Pelican Golf Club

Gaby Lopez

Quick Quotes

Q. Okay, here with Gaby Lopez after her final round at the Pelican Women's Championship. Could you just recap your round for us today? I know maybe wasn't what you wanted, but what are some of the positives you took away?

GABY LOPEZ: Yeah, it was a very difficult round. The wind picked up and it came from different direction from yesterday, so it was a challenge off the tee.

I actually didn't quite hit the ball how I wanted at the beginning, so I was kind of scrambling trying to make some putts. Then I kind of got into the rhythm.

So proud of how I played today after taking a month off. It's unbelievable and I love my job. Feeling those nerves that, excitement, it just makes this place so special.

Q. Another top 10 finish for you. What has been like the key to you achieving those this season, specifically in your game?

GABY LOPEZ: Yeah, I guess trying to be more consistent emotionally. Also, you know, kind of sharpen up my tee shots. I have been hitting iron shots so amazing. There was this little kid with her mom and they came up to me and they say, Hey, we call you The Assassin. I was like, should I take that as a compliment, but I love that. I love that.

Yeah, we been hitting it so well. My iron shots, putting has been on and off, but, yeah, it's a great warmup for next week.

Q. Speaking of, was just going to ask how you sort of used this tournament to prepare for next week and what you really hope to take into next week.

GABY LOPEZ: Yeah, this week's event, it really similars a lot to next week. The golf course is great. We have wide greens. You have to hit it far if you want to take advantage

of the par-5s.

Yeah, it's been great to be able to prepare for CME, for next week.
