Q. Lilia, many congratulations.

LILIA VU: Thank you.

Q. Fourth victory this year. Does it get any easier?

LILIA VU: Honestly, no, it doesn't. I think like each win of mine has had its own battle, and I think today was again myself. The wheels were kind of falling off a little bit on the back nine, early of the back nine.

Then Cole just said, hey, just play your game and one shot at a time and we can make any putt from anywhere, so just kept that positive mindset up.

Q. As I said yesterday, it's been a magical year for you. What have you learned about yourself this year?

LILIA VU: I think to not give up. I know I tend to be really hard on myself. As long as I set myself kind of easy, just to be in contention on the weekend, then it kind of just somehow happens. (Smiling.)
