Q. Minjee, I didn't have a chance to follow you today, but looking at your scores you finished with a bit of a flourish out there today. What was it about this golf course that you were able to get it all together with?

MINJEE LEE: Yeah, the course is in really great shape despite the weather. You know, I think I drove it well. You know, I hit a few solid shots, and where I missed them were in the right spots.

So I think around here the outside of the greens are so thin you can putt through there. Yeah, I was able to putt and holed a few nice ones coming down 18 as well.

Q. Been a strange year for you. We are used to seeing you very much at the top the LPGA Tour; this year been a bit more of a struggle. How have you been able to ride to struggle through this year to come to a point where you're now at the top of the leaderboard?

MINJEE LEE: Yeah, the struggle is real. I don't know, I just kind of try to be positive when I can, and obviously when I have those bad rounds or those bad shots, I kind of try to see where I went wrong and try to fix the problems that I have.

Yeah, no, it's been a really up and down year. It has been hard, but the year is coming to an end and we have two events to go. Hopefully finish well here and finish really next week and hopefully, you know, finish on a high and then go into next year and start it off with a bang.
