Quick Quotes

Q. Here with A Lim. Another incredible dame tell me about some of the special moments from your round today?

A LIM KIM: Today pins is more harder than yesterday, but my putting in place really good, and then some make bunker shot. Yeah, lucky with me today, yeah.

Q. Tell us about the bunker shots. Did you think both were going in? Where were you aiming? Tell us about each bunker shot.

A LIM KIM: I was hit the ball, after I felt in because really great and in my imagination same as 9. Before go in I already know that.

Q. You imagined that?

A LIM KIM: Yeah, it was really cool. It was cool.

Q. What was the celebration like for both?

A LIM KIM: Really great because almost professional. More than -- more serious than me and they are really competitive and then I learned from them, yeah.

Q. Okay.

A LIM KIM: It's so cool.

Q. You've had a good lead after each of the three rounds. Are you the type to where that gives you confidence or do you want to make sure you stay very level headed and not get too far ahead of yourself and just treat tomorrow like I've still got a lot of work to do? Even though I have a lead, I still have a lot of work to do tomorrow? Does that make sense?

A LIM KIM: Yeah, makes sense. Same (indiscernible), yeah, because my goal, my starting goal always my (indiscernible,) not result. So I really focus on my prepare,

process, and then, yeah, just hit it. That's all. So my position, I don't care. That's not important for me.

Q. Do you sleep better when you have a lead or when you're trying to chase a lead?

A LIM KIM: Sorry, what's chase lead?

Q. When you're trying to come from behind or do you sleep better knowing you have a lead?

A LIM KIM: I don't care. (Laughter.)

Q. Okay.

A LIM KIM: I don't care.

Q. Good answer.

A LIM KIM: Yeah, I don't care.

Q. For tomorrow, do you play maybe a little safer, maybe not being as aggressive knowing you have a lead; whereas if you were chasing you might feel like you have to make more birdies? Are you going to play safer golf tomorrow?

A LIM KIM: Safer not my style. I feel I want to go just hit it. That's all. I really focus on my line. That's my goal. Yeah.

Q. Uh-huh. What about this course have you been learning about this week? What do you like about this course? I know this is your first time here? No, second time.

A LIM KIM: Second time.

Q. What do you like about this course?

A LIM KIM: Course reading and measurement and use the wind. This course really fun because every pin position has some spot, so I really focus on that. That's it.

Q. Those that are trying to chase you down are the world No. 1 and the newest hall of Famer. Does that

change the way you approach tomorrow at all?

A LIM KIM: No. Same as today. Focus on my line, hit it. That's all.

Q. So Nelly and Lydia, it's cool to have them behind you?

A LIM KIM: They're really good player, but I don't care because my focus not them, yeah.

Q. So tomorrow playing with celebrities again, how does that help you maybe relax or...

A LIM KIM: We're surprise because they are really, really great player. I didn't know. I first time thought amateur hitting really great, so super fun.

Q. Who did you play with today, Jeremy?

A LIM KIM: Joe.

Q. Okay. Baseball, you like baseball?

A LIM KIM: I like it.
