GRAND VACATIONS

TOURNAMENT  
*of* CHAMPIONS

**Q. Here with Linn Grant taking advantage of the early peek she got at the golf course this last week at Lake Nona. What did you take from that experience that is helping you this week?**

LINN GRANT: I think I got a lot of good practice in on the greens and around the greens. I feel even though the turf is very firm around the greens, I feel very confident hitting a bouncy chip around the greens.

That helps me hitting into them for sure.

**Q. You said you had a fun group out there today. This is such a unique event on the LPGA Tour schedule. How is this event different than playing in any other?**

LINN GRANT: It's is different. I mean, I like it. I wish maybe our regular events would be more chill like that where it would be chattier and just a little bit more friendly.

Then it's hard because we're all so competitive and want to win, but it's nice to kind of balance that out with a week like this.

**Q. Speaking of that, there is a lot on the line here tomorrow. After all the fun we've had the last few days, things get a little bit more serious tomorrow. How will that impact where your mindset here as you look to get the win?**

LINN GRANT: Not much. I think I'm just going to go out tomorrow and try to do the same. I think that's what we all try to do. Again, just try to have fun with it. Just like I said yesterday, not have too many expectations. Try to hit those good putts and, yeah, play my game.
