Quick Quotes

Q. All right, sliding into the top 10 there. Stacy, how are you feeling after four days here at Gainbridge?

STACY LEWIS: A little bit disappointed because I felt like I left some out there, but overall it was a really good week. I did a lot of good stuff.

Just happy with what I'm working on. Hadn't really been in the last few groups like that in a while, so it was nice to feel that again. The game held up, so it was good.

Q. What do you think really clicked this week in your game?

STACY LEWIS: Yeah, the ball striking started to come around. Short game was really good all week. I think that when I missed the green, you know, even if I didn't get it up and down, it was a pretty close putt.

So if short game is good it kind of frees up everything else.

Q. Definitely different conditions as opposed to yesterday.

STACY LEWIS: Yeah.

Q. Started off with three birdies on the front nine. What was working so well at the start?

STACY LEWIS: Just was hitting it really good at the start and obviously making the putts.

Then there at the end the golf course is really dried out. The greens got really fast I thought at the end. I don't think anybody really expected that.

But the last four or five holes played tough and just hung in there.

Q. Being able to par the rest of the way this back nine, how satisfied are you with the performance of today that gives you the result?

STACY LEWIS: I'm really happy. Top 10s are always good. Means you're definitely doing something right. You know, excited that we get to play another week and not have time off again.

You know, I told my caddie walking off it was just a really good week and we did a lot of good stuff and we're close.

Q. Going back to the Fort Myers/Naples area that we have been so many times before. New course, but what are you looking forward to next week and taking from this week?

STACY LEWIS: Just playing again. Obviously I'm playing well, so just getting back out there and playing again. Different golf course is probably a good thing for me. I'm excited.
