#### Q. Everything feeling good with the wrist?

MICHELLE WIE WEST: Yeah, I mean, knock on wood. I do a lot of PT and stuff afterwards. Yeah. There was a first aid cart I felt like following us the first and second round, so glad I didn't have to use them.

#### Q. That's good to hear that everything is feeling good. And then just getting into the swing of things, how did it feel to compete again?

MICHELLE WIE WEST: I mean, rusty and yesterday's conditions, I mean, that was tough to get back into it. But a lot to learn from the last couple days. I like today was a lot more consistent than yesterday.

Obviously still not where I want it to be, but a lot of progress, and that's the best thing. If I can improve by seven strokes every single day, I'll take it.

#### Q. Yeah, that's great. That he means we have a nice weekend coming up.

MICHELLE WIE WEST: Exactly.
