Quick Quotes

Q. 4-under today, you're the lowest round of the day. Can you talk about what went well today for you?

A LIM KIM: It was great because I had a really great short field and really great putter. Today a lot of wind, and that's very hard for me but everybody has the same situation.

Tomorrow, I'm going to work harder.

Q. How did you adjust to the wind?

A LIM KIM: The wind is a lot of swirling and it's not consistent, so it was hard to read. But I have three more rounds to learn.

Q. How have you adjusted to the course this week from last week?

A LIM KIM: Totally different green and grass, and the read, everything is different. Weather is similar like last week but everything is different. Totally different, yeah.

Q. You had won early in the year and now you're playing well. Is there anything you've done to change your game?

A LIM KIM: Yeah, I've changed a lot because my shape before I used the draw, but from that, I used the fade and focus on inside 130 yards, and then putts inside six yards and keep working on that.

Q. Are you used to playing in windy conditions?

A LIM KIM: I love consistent, strong wind. I love that situation, but swirling wind is really very, very hard for me.

Q. So you know the scores are quite low today. Do you think was it because of the wind, do you feel that maybe made it difficult for everybody up there?

A LIM KIM: Yeah, everybody is in the same hard situation because we couldn't control the wind, and then we couldn't control that situation. We are not AI.

Q. Winning the first event of the season, how important was that for you, and did that do anything for you going into the next three events because you've done well.

A LIM KIM: Yeah, I'm going to keep working on my stuff, my process, because the result is not in my control. So I just keep working on my process, that's all.
