Ruoning Yin

Quick Quotes

HSBC Women's World Championship

Q. Another solid round to be near the top, just talk about how it went for you.

RUONING YIN: I would say last two days was pretty consistent. I think there's a lot of things I need to improve. But overall, I think my swing feeling is getting better every day. So I'm looking forward to play on the weekend.

Q. And when you say it's consistent, what parts of your game do you feel like were consistent?

RUONING YIN: My score is really consistent. I mean, I would love to be a couple shots lower but you never know what's going to happen on this course. So I think consistency is definitely the first thing for me. If my approach shot and my putting get to the spot, I think I can shoot pretty low.

Q. And what do you think the challenges are with this golf course?

RUONING YIN: I would say the wind. Because there's a couple holes that the wind is not doing what it's supposed to do. That cost me a couple shots.

Q. Do you remember what holes? Because I'm guessing you're not the only player.

RUONING YIN: I would say mostly on the back nine from 14, 16, 17.
