

# HSBC Women's World Championship

Sunday, 2 March 2025

Republic of Singapore

Sentosa Golf Club

## Jeeno Thitikul

### Quick Quotes

## HSBC Women's World Championship

#### **Q. Just talk about this week for you.**

JEENO THITIKUL: It's more than I expected to be honest. I knew that like after the second round, I was frustrated a little bit how I played on, like, first round, and also second round.

But finishing, like second, tied second, which is really, really nice.

#### **Q. And talk about the energy it just took for you to push through today. You talked about your energy levels the other day. You've been going for a couple weeks now, just what it took out of you today?**

JEENO THITIKUL: It's actually better after the bubble tea two days in a row. But just not bad today. Like the weather was so hot, hot, today to be honest, but I feel like more fresher a little bit because I think I have enough rest than last week.

#### **Q. Talk about resetting for next week's Blue Bay as well?**

JEENO THITIKUL: I don't know about the weather. It should be like this, kind of windy, because it's an island.

I'll just play. It's my last week, just relax and just play.

#### **Q. And also, I don't know if you've been keeping track, but this is your tenth consecutive Top-10 finish in starts on the LPGA Tour, which is just an incredible feat. Can you talk about that stretch of golf and what's been going well, or are you just so comfortable out here?**

JEENO THITIKUL: I'm just the type of person, not go like high-high and not go like low-low. That's the most important that I really want to keep it because the more really consistent that you are, it's giving you a good chance every week.
