THE MODERATOR: Here with Pajaree Anannarukarn and Wichanee Meechai. Happy to be here in Thailand. Start off with a question for each player in English and then go over to Thai.

Wichanee, start with you. You said it's good to be back in Thailand. How happy are you to be back here playing and how do you feel?

WICHANEE MEECHAI: I'm so happy this week. Just really enjoy Thailand, and you know, it's so great to have the family and fans, like all the friends come here to cheer me. It's very nice.

Q. Good. Pajaree, similar question for you. How are you feeling? For both of you, we've got a big number of Thai players in the field, a lot of Thai players playing on the LPGA. How exciting is it to be here with all of your fellow Thai players?

PAJAREE ANANNARUKARN: Yeah, first of all, just really glad to see that now we have eight players on this week.

Q. Ten.

PAJAREE ANANNARUKARN. So ten players. Good to see golf in Thailand is starting to grow and many more great players out here get a chance to compete in a world class event.

It's always been our dream and our goal to be at this point and play along with the world's best players, so it's good.

Q. How do you feel as you get ready to play?

PAJAREE ANANNARUKARN: Great to be back home. Siam Country Club and Honda has always been a tournament where I look up to, so it's great to be here.

Q. I'll ask you the same question, Wichanee. What are your thoughts on Thai golf right now? So many up and coming Thai players and veterans. How is it right now?
