## Gaby Lopez

### Quick Quotes

**Q. What do you make of your round today and where you are for the tournament?**

GABY LOPEZ: Well, this round was just very solid overall. Hit beautiful tee shots. Great iron shots. We putted nicely.

So just getting myself in a good chance for tomorrow. Stay aggressive, because there is plenty of birdies out there.

**Q. So where do you think you maximized and what did you think you could have done a little bit better?**

GABY LOPEZ: Probably off the tee was very consistent and it was pretty straight and long, so I'm going to say that was a good advantage.

And, I mean, it's hard to really talk about improvements when you shoot 8-under, but just staying patient for tomorrow.

There are so many birdies out there, and you don't want to get impatient or ahead of yourself. Being able to stay calm, enjoy the moment; being mentally aggressive is going to be key tomorrow.

**Q. You would say that's your approach, strategy for tomorrow?**

GABY LOPEZ: I mean, it's the same strategy as the last couple days. It's being really aggressive when I have to and patient when I need to.

There is a couple pins out there that they're probably going to get trickier for tomorrow, but still be on the right of the green, in the right section, and just giving yourself as many chances as you can.
