Quick Quotes

Q. Okay, here with Allisen Corpuz her 8-under round today. Best round on the LPGA Tour. What is it like to hear that?

ALLISEN CORPUZ: Yeah, I just feel like I worked really, really hard during the offseason, so I'm really happy that kind of just starting to see the work pay off.

I mean, it's a long week out here with the heat, but I'm really happy with it. Yeah, looking forward to big the momentum throughout the season.

Q. Talk about what you worked on in the offseason that you're seeing here?

ALLISEN CORPUZ: Yeah, I think just all of last year, really small swing changes trying make it a little more consistent.

And then just the putter. Just did a lot of putting. Started seeing a new putting coach. I think that's been really helpful, just knowing, yeah, where to improve. Yeah, I've been really enjoying my time out on the course.

Q. Talk about what you applied from your putting coach out here? Some of the greens, especially like the 18th pin, seem super tricky, especially on the final day. Talk about how you applied some of that.

ALLISEN CORPUZ: Yeah, of course. I think with how big the greens are speed is really important. You're going to have lot of 30- to 40-footers, and knowing you're not going to three-putt is a big plus.

Made a few longer putts as well that I feel like that I haven't really seen go in, you know, past the 20-foot range.

Just reading them better and starting all more consistently online, those are kind of the two main things I was working on.

Q. First Top 10 since FM. What does that mean to hear that, especially moving forward with this season?

ALLISEN CORPUZ: Yeah, I think a Top 10 is just always

great. Just knowing how deep the Tour is and how good everyone is out here, and it feels really rewarding to know that I've had a good week and know that when all the pieces are coming together I can play really well.

Q. Been a huge gallery today. Talk about that.

ALLISEN CORPUZ: Yeah, it's awesome. I mean, Thursday had a lot of fans and now the weekend even more. I know like all the Thai players as well had an especially large crowd.

But it's awesome just to see the support for women's golf out here. I mean, like I said earlier, everyone out here is so good. I think we just deserve all the eyeballs.
