Quick Quotes

Q. Here with Ariya headed to the quarterfinals this afternoon after a win against Narin. Looked like you held the lead for most of the round and then end up going to 18 holes. Can you just talk us through it?

ARIYA JUTANUGARN: She didn't play so good. You know, sometimes she missed a shot but her short game is amazing. Her up and down is like amazing. Some place she went I feel it was no chance -- not like to win the hole, but no chance get it close.

But the way her short game is just amazing. So impressed.

Q. How do you think you were able to outlast her? What was the parts of your game that really made it happen?

ARIYA JUTANUGARN: It's quite hard today. It's really hard because when I hit on the green and miss the putt and she got up and down, but overall it's just got a bit better. I think just have to work on my putting a bit more.

Q. Anything you took from any certain holes today or just the course in general that you're going to look for this afternoon?

ARIYA JUTANUGARN: I would say I'm not really remember anything because like when you kind of play like hole by hole you're not really like remember what going on.

So this afternoon I just hope I can do the same thing: Keep trying my best and be patient. No expectation. Yep.
