Q. I know it always has to stink to play the round over two days. You came out and finished strong. How are you feeling right now?

GABY LOPEZ: Yeah, I feel good. It's hard when they cut the momentum off. We were able to kind of pick up some birdies out there and commit to every shot, because there is a lot of birdies out there.

Q. You matched the low round of the second round, stretched over two days. What were the last 24 hours like? Stop and start yesterday, never really start, and then carrying over to today.

GABY LOPEZ: Yeah, I just feel that I was already playing from since yesterday. Honestly, I feel that the golf course played much different than yesterday. Yesterday was not wind at all and today was very windy out here.

But being able to make the golf course a little bit more challenging, it's fun.

Q. And where were you on the golf course and how much golf did you have left?

GABY LOPEZ: We were just on No.4 so we had 14 holes left.

Q. Okay.

GABY LOPEZ: I think it's good that I can get used to for the afternoon. And I'm a player that I like to continue playing, so if I can continue playing right now it would be great.

Q. Had you tee'd off on 4 or did you start 4 fresh?

GABY LOPEZ: No, we putted on 4.

Q. Okay.

GABY LOPEZ: No, we putted on 5, sorry.

ASAP . . . when all is said, we're done.®
