## Atthaya Thitikul

### Quick Quotes

**Q. We were just talking about it. It's a firm, fast golf course out there today. You figured it out though. 5-under, 66. You had three birdies in a row on your front nine, which was the back nine today. Walk me through your round.**

ATTHAYA THITIKUL: Yeah, actually I going to say like the course is pretty different than last week. It's a big change. Pretty firm and, you know, like every hole it's run-out and the green, it's tricky as well.

But, yeah, pretty good today. I mean, like I had a good game. Like hitting pretty good. Get myself a lot of chance to make a birdie.

**Q. Had three in a row there. What was going through your mind on those three holes?**

ATTHAYA THITIKUL: Nothing. (Laughter.) Like I said earlier, I don't really like the course. I mean, like it's kind of tricky and hard because like it's so many bunker, just go driver and 3-woods.

And, yeah, I think just like because I don't really think too much on the course because, like I said, I don't really like it.

Then I just keep hitting it as good as possible.

**Q. What was working really well for you? Obviously sound like you were mashing your woods today. How was your putting out there?**

ATTHAYA THITIKUL: Yeah, I just hit it, and then it's run-out like up in the rough so many holes, but I just like, oh, it's okay. I think it's really good hit. I mean, like I had a good hit already but it just end up there, so who can help you there?

And then just I think for this course you just be patient on it.

THE ASCENDANT LPGA  
BENEFITING  Volunteers  
of America®

It's a key I guess.

**Q. What did you learn today maybe with some of those run-outs or places you ended up that you didn't want to be that you will carry into tomorrow and maybe adjust some of those tee shots?**

ATTHAYA THITIKUL: Yeah, the course is pretty, like you said, pretty dry. I think it's been -- we have to think about the wind as well. Like it's not that -- the wind is really windy as well, so I think it's depending on the wind. So we will see tomorrow how to adjust it.

**Q. Feels like it was a little bit milder this afternoon. Did you find that out there? Did it kind of lay down a little bit?**

ATTHAYA THITIKUL: Yeah, I think so. Because when I started it's pretty windy, but in the middle of the round it's not really much.

But tomorrow should be windy. I mean, like the course is not -- it's wide open, not really had a big tree out there, so hopefully we'll get it tomorrow with the wind.
