Golf Clubs at The Tribute

## Lexi Thompson

### Quick Quotes

THE ASCENDANT LPGA  
BENEFITING  Volunteers  
of America®

around it. But I still want to play this golf course aggressively and give myself as short of a club as I can coming into the greens since they are a little bit firmer.

FastScripts by ASAP Sports

**Q. Here with Lexi Thompson. Really solid day today. Just evaluate that round.**

LEXI THOMPSON: Yeah, it was overall very steady. I just stayed patient out there and really just committed to my lines and doing my pre-shot routine and just being confident over every shot and not getting too high or low with whatever shot came with that.

**Q. I mean, today it was pretty windy in the morning. Calmed down this afternoon. What adjustments did you have to make even between the practice rounds and today? I know the conditions were way different.**

LEXI THOMPSON: Yeah, I left my hotel this morning just to walk Leo and it was super windy. I heard it was maybe 20, 25 mile per hour. I was definitely expecting to hit a lot of controlled shots, keeping it lower.

Then we got lucky, it kind of died down. But a few practice rounds it was pretty dead, too. So I always expect wind when I come to Texas, so I'm usually practicing the controlled shots on the range.

**Q. What did you find out there today that you will carry with you to the next three rounds? Obviously something good; you made a lot of birdies.**

LEXI THOMPSON: Thanks. Yeah, just going into the next three days with the same attitude I did today. Staying patient, in the moment, and not getting too far ahead, and committing to my shots. That's all I can do.

**Q. Final question: I know it's hard and firm and fast out here and you're a player that really like to go at that golf ball. What adjustments did you have to make off the tee today?**

LEXI THOMPSON: Just maybe laying back a little bit. I still hit a few drivers, but take my 3-wood a little bit more

 . . . when all is said, we're done.®
