Quick Quotes

Q. Okay, here with Ruixin Liu after her first round at the Meijer LPGA Classic presented by Simply Give. 5-under 67. Talk about your round today after the first 18 holes.

RUIXIN LIU: You know, today I started very well with two 15-foot putts that drop on the first two hole. Then on I think it was 14 I had an eagle.

I think that's just very good momentum going, starting from the gate. So everything went very smooth today.

Q. Talk about the par-5s out here. A lot of scores coming in, people taking advantage of those par-5s. Do you feel like that's crucial out there?

RUIXIN LIU: Oh, yeah. I think the par-5 is the most important holes out here on this golf course because most of them are reachable, and if you can't have a birdie from those holes, you are kind of chasing from behind already.

Q. And then made your last four cuts, last four events out here. What's the comfortability like on this golf course?

RUIXIN LIU: I mean, this tournament is probably the tournament that I play the most. I really love coming to Grand Rapids and I love Michigan. My first win on the Epson Tour was at Michigan. I really like the Michigan weather and Michigan golf course. Just love all the vibe.

And Meijer does such a great job hosting us, so this is one of my favorite tournament out here.

Q. Sporting a new logo this week on your hat. Can you explain that for us?

RUIXIN LIU: So this is an otter holding a flag, so the Super Stroke designer designed this for me and I just kept it for like three, four years now. I just absolutely love it because otter is my favorite animal.
