Q. Pleasure following you today. Round of 4-under par. Very good out there in the afternoon. When you set off today the scores were pretty low. Did you set up with a target before you started the afternoon?

CELINE BOUTIER: Not really much of a scoring target. I definitely feel like the conditions can be quite different from the morning to the afternoon. Even though the scores are low you never know what you're going to get in the afternoon.

I just try to do my best with the best I had, and I'm pretty satisfied with my score. I felt like it was a bit windy on some of the holes, and every time you missed the fairway you definitely got penalized.

I thought it was a pretty good score and was able to take advantage of the par-5s today.

Q. You certainly were. Saw you make an eagle down there on the 14th.

CELINE BOUTIER: Yeah.

Q. Talk us through that eagle.

CELINE BOUTIER: Yeah, it was a fun one. I was able to hit a really good drive. The wind was helping a bit so made it reachable. Had a 5-hybrid in and then was able to make a 12-footer or so. Yeah, it was a pretty smooth eagle.
