**Q. Lexi, another great round of golf course on a golf course that you clearly enjoy playing. Your short game was quite spectacular today. How do you feel about that going into tomorrow?**

LEXI THOMPSON: Yeah, feel good about it. Hopefully won't need my short game as much tomorrow. That's the goal. I didn't hit it my best today, but I tried to stay in the moment, stay positive, and make the saves when I needed them.

**Q. Everybody says you're a fighter out there. Is that something you take pride in?**

LEXI THOMPSON: Yeah, I definitely do. It's always how I've been. Even if I'm shooting a million I'm going to try to shoot one less than a million. It's just how I've always been. You just never give up because you never know. Something can click and push you to be better the next day.

**Q. Your experience on this golf course, you've seen just about everything. Does that really help you going into tomorrow?**

LEXI THOMPSON: Yeah, I think it does. All of us girls out here know this golf course pretty well. It's supposed to be good weather tomorrow, so I'm just going to go out there, have a good time, enjoy the fans, really just embrace the moment and hopefully play some good golf.

**Q. I think we need to go find Leo now.**

LEXI THOMPSON: That we do.
