Q. All right, here with Karis after her final round at the Meijer LPGA Classic. Just briefly touch on today's round. How was everything going out there? How was the final round here in Grand Rapids?

KARIS DAVIDSON: Well, there was no wind today which was a bit different. And the greens were a little bit softer so you had to land it a little bit further and took us a few holes to figure that out.

Played really solid. Just made a couple stupid bogeys on par-5s, but didn't let it affect the rest of the round.

Q. And then this course is playing a little bit more difficult than it has in years past. Put together 3-under par rounds. How does that feel putting together a full week of good golf?

KARIS DAVIDSON: Yeah, really good, especially after coming back after a medical. It's nice to see the game getting in some sort of form. So, yeah, really good.

Q. And then looks like this will be one of the best finishes of the year for you. How does that feel for you?

KARIS DAVIDSON: Yeah, I think it really helps with confidence and I'll definitely get into more events. I might have kept my card now with that finish after coming back after a medical.

So, yeah, I'm really pleased.

Q. And then obviously this week there has been a lot of good play with Aussies out there. How does it feel to see all the Aussies playing good golf so far?

KARIS DAVIDSON: Yeah, it's pretty cool. We all say good luck to each other and really support each other. Yeah, I think it's pretty unique that we have that dynamic.
