

# ISPS HANDA World Invitational

Sunday, August 14, 2022

Northern Ireland

Galgorm Castle & Massereene Golf Club

## Liz Young

### Quick Quotes

Presented by Aviv Clinics

But it's all coming together. It's been a long process. I've been out here a long time, but this year I've definitely felt that I've been playing my best golf ever.

#### **Q. Liz, great week here at the ISPS Handa world invitational. How are you feeling after your week?**

LIZ YOUNG: Yeah, really pleased. I didn't have my "A" game striking it wise, but I ground it out there and didn't hit too many destructive shots. My pace putting was really good at Galgorm, just didn't really hole that many. But inside sort of four-, five-foot range, I don't think I missed one.

#### **Q. And the conditions obviously cooler today; was that appreciated?**

LIZ YOUNG: Oh, yes, it definitely was, yeah. I was a bit worried on hole 5 or 6 the clouds were looking a bit dark, but they seemed to disappear and I'm quite impressed that we got in without getting wet.

#### **Q. How does this performance make you feel about your game, obviously having a top 10 in this co-sanctioned event?**

LIZ YOUNG: Yeah, I'm really pleased. I've had a top 10 this year but in a lot weaker field. But to do it in a strong field like this tournament, yeah, really pleased. I've had a busy few weeks with the family out with the British and the Scottish, so this was sort of going to be a bit of a holiday for me. Yeah, I seem to play better without them.

I think it's just the stress of having -- I don't have to worry about them, so it's just like me and golf, which is nice. I'm looking forward to Sotogrande next week.

#### **Q. What did you take forward from this week to next week?**

LIZ YOUNG: Yeah, a lot of positives. I was really pleased with my short game. My putting, like I said, the pace control was really good. I know what I'm doing wrong in my swing with the bad strikes, so maybe if it's not too hot next week, maybe spend a little bit of time on the range.
