## Linn Grant

### Quick Quotes

**Q. Linn, round of 4-under to finish at a total of 13. You should be in the top 10. How did your day go for you?**

LINN GRANT: Pretty similar to the other three. I feel like I'm not -- like I'm struggling with everything a little bit. Putting was better today, but still hitting some crappy shots here and there, from tees, into the greens, having to save myself everywhere. Still managed just to shoot -4, so yeah.

**Q. What would you say the best part of your game has been even though you've struggled with it?**

LINN GRANT: I feel like somehow I still managed -- like today my short game was pretty good and my putting was good, so I still managed to get around it. Whenever I'd get a good hole I'd make birdie, so it's kind of a little bit up and down.

**Q. When you get a week like this, what can you take forward from it to kind of put into the next two weeks that you've still got on the road?**

LINN GRANT: I mean, it's a positive knowing that even though I'm not feeling good, I can still perform and do a good week and still be close -- not with Maja but the other ones that are in the top, and just kind of knowing that next week I kind of have to find something better to be more -- not safe, but feel better about my game.

**Q. You've never played next week before, but yeah, obviously fifth week in a row. Are you going to take it easy at the start of the week?**

LINN GRANT: No, I feel energy-wise I'm all right. I'm just going to continue. Thank God Maja is not playing next week so I can finally get -- no, I'm just kidding. Yeah, hopefully play better.

**Q. What's it been like, obviously you and Maja have been on the road together the last four weeks. What's**

**it been like having you support each other through the ups and downs?**

LINN GRANT: Yeah, it's been good. The last round was tough for her coming off a bad last round, being in contention for the last one. I think even though we are very close, it's sometimes hard to really just show yourself being that vulnerable. But I think we need that when we're spending four weeks together. We need some ups and downs for both of us.
