**Q. It's been just been about an hour since I last caught up with Stacy Lewis. A lot has happened. We have seen shirtless men and we've seen incredible golf. What do you make of what your team has done to start this afternoon?**

**STACY LEWIS:** They're having fun and they're going and playing golf. Just not surprised. I mean, I love the energy and we had the energy with that comeback that happened in the morning.

**Q. You told me a moment ago this is all about momentum. What will be the challenge of your team keeping the momentum going the rest of this match?**

**STACY LEWIS:** Just keep the energy up. These are two very long days. We've got I guess four playing this afternoon that got to sleep in. Hopefully keep the energy up. And we're going to definitely use this home crowd.
