**Q. With Charley. Charley, that was something else. How sweet does it feel? How satisfying does it feel to take down the World No. 1? Top match out.**

**CHARLEY HULL:** Well, I knew that you had to play unbelievable to beat her, and to beat Nelly, she's a great player, and I played my -- well, my heart out, and I shot -- I think I was like 7-under through -- I don't know how many holes we played. I did what I had to do, and yeah, it was a pretty cool moment.

**Q. What statement does this send to the rest of your teammates now?**

**CHARLEY HULL:** Yeah, just go out there and anything is possible.

**Q. You don't seem to suffer with any nerves when it comes to the Solheim Cup. How do you manage that?**

**CHARLEY HULL:** I just love playing under pressure. I absolutely love it. That's why I always feel like I play well in the majors. I love big events, playing in front of crowds, and on hard tough golf courses. That's something I just love doing.

**Q. You are buzzing, aren't you?**

**CHARLEY HULL:** Yeah, it was really good. Roll on next week now.
