Q. Andrea, I need to know the emotions over that putt on 18.

ANDREA LEE: I mean, there's so much adrenaline rushing. I knew it was kind of a tough putt, going a little uphill and then back down the ridge. Obviously I was trying to make it but with good speed. Had a three-, four-footer, and I make those all the time.

So when I saw it go in, just so much emotion rushing through, especially after such an up-and-down day.

Q. Where did you pull from to fight back?

ANDREA LEE: Just my teammates. Nelly was out there, Megan, Allisen, Rose and just looking at them made me want to fight even harder for this team. Stacy walked with me the last four holes, just reminding me how important that half point is.

Yeah, we grinded it out and just -- I'm so happy right now, just like relieved.

Q. What was your favorite moment of the day?

ANDREA LEE: Oh, man, there were a lot of fun moments. The whole day was such a roller coaster. I had some bad holes, but obviously I made some great putts.

I think the highlight was probably on 16 when I made that birdie putt on the par-3. Just as soon as I saw it go in, I've never yelled like that before.
