Quick Quotes

Q. I know the playoff just ended, but just how proud are you to be getting to this point and to have this experience under your belt?

HEE JEONG LIM: So I don't think my ball striking was to the place where I wanted it to be. But this was an event that I really wanted to win, so I really practiced hard with this event in mind.

And I think overall my putting didn't really go well either. And I think there was also that pressure having -- being in the lead as well. So I think there wasn't much I could do, and I guess losing by a birdie in the playoff.

Q. Still a couple more events on your season. What will you take away from this experience and this playoff experience as you finish out your season on the KLPGA?

HEE JEONG LIM: I actually think it wasn't all that different. I always thought that if I keep up my own game and I practice hard, then the results will come.

So I think for me, coming out of this event, I really need to get over this event as fast as possible in order for me to go on to the next two events.
