Q. All right, halfway through. You finally get a day off tomorrow. Overall how do you feel you played this week? You put together four really solid rounds.

ATTHAYA THITIKUL: I mean, like I say every day here I play really good. Like all four rounds it's really good rounds for me. But it's just like not good with putting a little bit because like the green is pretty tricky here as well.

And same like today. I put myself really safe, really safe position for putting. So it's going to be good, yeah.

Q. But when you're on round four of eight, sometimes being safe is good.

ATTHAYA THITIKUL: Yeah, I mean, like sometimes safe is good, yes. Sometimes you have to be aggressive as well, like if you want to be like top of the leaderboard.

Q. Does your game plan now change for next week? Do you plan to be more aggressive as we look to the next course? Next week there is a whole lot more on the line.

ATTHAYA THITIKUL: Now I couldn't say that much because I haven't see the course and then I haven't practiced there, but I think it's depend on the situation as well, how the course be, how the green read, and how the pin position be like.

And, yeah, I think I have to be more aggressive for just a little. Not really extremely aggressive, yeah.

Q. So you're going to drive over there tomorrow. Do you think you'll go practice at all or take tomorrow off?

ATTHAYA THITIKUL: We play on Thursday, right?

Q. Uh-huh.

ATTHAYA THITIKUL: I think I going to practice tomorrow but not play in the course. Play in the course like Tuesday and Wednesday.
