

# LPGA Q-Series

Thursday, December 9, 2021

Mobile, Alabama, USA

Magnolia Grove

## Dewi Weber

### Quick Quotes

**Q. All right, getting through the two-hour and 45 minute fog delay, just take me through the fifth round here at Q-Series.**

DEWI WEBER: You know, it was actually like nothing special. I hit my wedges really well, which I have been doing for the past couple rounds. I had a lot of wedges in here. Like I can't really reach the par-5s here, but every time I have a short wedge in, and so that's what getting me through like the first couple birdies.

And that helps a lot. You get to play a little bit more relaxed once you're 2-, 3-under or so. I just kept to like one shot at a time and was honestly like happy that some of those putts fell, because sometimes they don't; this day they did.

So it wasn't that special, but the score is good and I'm really glad to get off to a good start this week. I mean, everyone knows this is fricking stressful, so getting off to a good start is definitely helping mentally as well.

**Q. Definitely. Bouncing back also from the bogey there on No. 1, what happened there, and then being able to rebound with two birdies in your next three holes I think?**

DEWI WEBER: Like I hit a good drive but I just had a really crappy lie. I hit that shot and I just like wasn't like that bad. Just said to my caddie, I mean, that was just the worse lie I could have had. Even like playing it up like the ball is half a meter like above my feet. So like I don't know how this is going to go, and it doesn't go that well.

But, yeah, like the next hole I hit a good drive again. I had 90 yards in, and for me that's a short wedge again. I just hit the wedge really close so I could bounce back that way. Like I had a tap-in for birdie, and that's obviously -- like when you hit a wedge like that it's just like, Okay, cool. We can still play good golf. Like we have 16 more holes to do this shit, so...

**Q. I think no bogeys after that first one, correct?**

DEWI WEBER: No I don't think so.

**Q. So how satisfying is that for you just to know how well you're playing after mentally resetting after the first week?**

DEWI WEBER: Yeah, I mean, if anything gives me a lot of confidence, and I think just like the mindset for me this week and like last week will and has been just one shot at a time, and that has been like super peaceful for me.

That doesn't mean like I don't get frustrated or anything, but it's just like once I walk to the next ball it's just like, Okay, you can play golf. You got this. It's like very stupid, repetitive stuff, but it keeps on working, so...

**Q. No, if it's working, it's working. Strategy. For you, what did you take from the first week that you brought into the second week after the first day?**

DEWI WEBER: That if I just play steady like I don't have to go that low per se to like be where I want to be on the leaderboard, which is a little bit different sometimes than a normal competition so to say. Like you get that to win.

This week it's like if I'm top 20, I'm good. I don't have to stress that much. For me, seeing where I kind of was at after four rounds and like knowing the scores that I put, I was like, Okay, we don't to have necessarily go for every pin.

We just need to keep the mistakes to a minimum, and if you make 2-under every time, looks like we're going to be fine.

So that's what I did.

**Q. Being able to beat the darkness today after that fog delay, what will you take into tomorrow after an outstanding day like today?**

DEWI WEBER: Just keep this going, keep that one-shot-at-a-time thing I'm doing and keep that going. Hopefully I can sleep in a little bit, because they just blew

the horn and not everyone is done yet.
